SLCC Flooring

SPC MOLDINGS

Matching moldings for SLCC SPC flooring.

Finish transitions, edges and stairs with a consistent look.

FLUSH STAIR NOSE

Finishes the stair edge with a flush profile.

OVERLAP STAIR NOSE

Finishes the stair edge with an overlapping lip.

REDUCER

Transitions to a lower adjoining floor.

T-MOLDING

Connects adjoining floors of the same height.

END CAP

Finishes flooring edges at doorways and fixed surfaces.

SQUARE STAIR NOSE

Creates a square front edge on stairs.

QUARTER ROUND

Covers perimeter gaps along walls or baseboards.

Select by collection, color and flooring thickness.
Confirm profile availability and dimensions before ordering.
