PRIME SPECIMENS
COLLECTION

Like art imitating reality, **Prime Specimens Collection** captures the essence of three different surfaces, with a modern flair. Whether it be the characteristic graining of oak and maple species wood, or the subtle pattern and shade variations of concrete, or the distinct veining of marble stone, Prime Specimen's modern interpretation brings a fresh look to common surfaces. From the clean modern look of **SLEEK WOODS** , to the industrial styling of **CREME DE LA CRETE**, or the wide plank format of **MODERN MARBLE**, this exciting new collection is sure to collaborate with a multitude of finishes in any space. Old things become new again with **Prime Specimens Collection**.
