# ABOUT SLCC

Since 2007, SLCC Flooring has been committed to our mission to provide high quality flooring designed to not only add beauty to any decor but also to perform under the daily demands of each space, whether residential or commercial. From both engineered and solid hardwood to SPC & WPC vinyl, as well as waterproof laminate, SLCC Flooring is sure to have just the right style and color to satisfy even the most discriminating tastes. Not only are SLCC Floors designed to add beauty and performance to any decor, but they are engineered to be safe which is proven by their FloorScore Certification and Carb II compliance.

SLCC has curated a thoughtful collection of engineered hardwoods designed to bring elegance, sophistication, and natural beauty to any space. Utilizing the very best in advanced manufacturing processes combined with a mindful attention to detail, SLCC's engineered hardwoods are built to last. Through a steady examination of design trends and consumer feedback, SLCC develops products tailored to meet the preferences and requirements of today's customers.

SLCC has curated a thoughtful collection of engineered hardwoods designed to bring elegance sophistication, and nature to any space. Utilizing the very best in manufacturing processes combined with attention to detail features and benefits SLCC's engineered hardwoods are engineered to last Through a steady examination of design trends SLCC produces products to match the wants and needs of todays customer.

# Villa

## The Legendary Story of the Villa Collection- Beauty Born from Nature's Chemistry

Amid the smoke and fire of World War II, the battlefield's rain of bullets not only changed the course of history but also left silent marks upon nature itself. Many battles took place deep within jungles, where young trees bore the impact of steel and gunpowder.

Decades later, when people returned to these forests, those saplings had grown into towering giants. Within their hearts, loggers discovered mesmerizing grain patterns—landscapes painted by time itself. Bullets once embedded in the trunks had fused their metallic elements with the tree's sap, giving birth to extraordinary colors and textures.

Inspired by this miracle of history and nature, Europe's top designers sought to replicate the effect. Through a process known as tannate staining, they learned to infuse wood with the same richness once gifted by the union of metal and sap.

In tannate staining, natural tannins within the wood react with iron salts, producing deep, evolving shades from weathered charcoal to glowing bronze. Unlike surface stains, these colors emerge from within, permanent, enduring, and as unique as a fingerprint.

Thus, the Villa Collection was born: a flooring masterpiece where every plank captures history, nature, and art forever in its grain.

## CHAUMONT

SKU	:	E-VC-OCHE-CH
Species	:	European Oak
Dimensions	:	5/8" x 10-1/4" x 7' RL (4mm)
Coverage	:	24.63 SQF/Box

# VILLA CASTLE

COLLECTION

## Villa Castle — Where Legacy Lives On.

Born from the legendary Villa Collection, the Villa Castle Collection redefines heritage with modern refinement. Inspired by Europe's timeless architecture, each plank echoes the grandeur of castle halls and centuries-old oak beams. Through an evolved tannate staining process, colors gain depth and radiance, revealing tones that shift with light and life. The result is flooring that feels both historic and contemporary — enduring yet sophisticated.

Villa Castle transforms every space into a sanctuary of craftsmanship, elegance, and lasting beauty — a legacy underfoot.

## SAGRADA

# *Celeste Herringbone Collection*

## **Born from Masterpieces — Crafted for Modern Elegance**

The Celeste Herringbone Collection by SLCC Flooring carries forward the legacy of two of our most celebrated lines — Villa and Milky Way. Inspired by their unmatched beauty, craftsmanship, and depth of character, Celeste transforms their essence into a new expression of timeless design.

Each plank in the Celeste Herringbone Collection captures the refined warmth of Villa's European sophistication and the celestial tones of Milky Way's modern radiance. Through precise craftsmanship and a bold geometric layout, this collection transforms spaces into works of art — where tradition meets innovation and every angle tells a story.

Engineered with the same premium finishes and meticulous attention to detail as its predecessors, Celeste Herringbone offers exceptional durability, easy installation, and lasting surface protection—proving that true luxury lies in the details.

From grand entryways to contemporary living spaces, Celeste brings balance, symmetry, and elevated refinement to any setting.

**Celeste Herringbone — Where heritage meets harmony.**

# CELESTE

## PARQUET COLLECTION

### Celeste Parquet Collection

### The Art of Precision, Perfected in Wood

The Celeste Parquet Collection by SLCC Flooring embodies the height of craftsmanship—where architectural geometry meets natural artistry. Handcrafted from premium European oak, each plank is engineered with precision to form timeless parquet patterns that have graced the world's most distinguished interiors for centuries.

Every panel is a canvas of symmetry and texture, carefully assembled to celebrate the natural beauty of oak while offering the stability and performance of advanced engineered construction. Protected by a durable, water-based European lacquer, Celeste Parquet is designed to preserve its elegance for generations to come.

From herringbone and chevron arrangements to custom parquet formations, this collection transforms floors into living art—a statement of refinement, craftsmanship, and enduring style.

# Milky Way

## Inspired by the Stars. Grounded in Craftsmanship.

The Milky Way Collection by SLCC Flooring captures the wonder of the night sky in the artistry of real wood. Each engineered plank is crafted from premium hardwood veneers, layered for stability and strength, yet finished with the radiant depth and tone that define true luxury.

Like constellations scattered across the heavens, every grain tells its own story — subtle, luminous, and endlessly unique. With a durable multi-ply core and precision-engineered surface, Milky Way brings natural warmth and long-lasting performance to spaces that demand both beauty and resilience.

From soft, moonlit neutrals to rich cosmic hues, this collection evokes a sense of serenity and timeless sophistication.

Milky Way — where nature's elegance meets the brilliance of design.

## Pure. Elevated. Timeless.

The Milky Way Prime Collection by SLCC Flooring represents the most refined expression of the Milky Way series — a showcase of balance, clarity, and craftsmanship. Made from Prime-grade European hardwood, each plank features a clean, consistent grain pattern with minimal knots and seamless tonal harmony, reflecting the purity of the material itself.

Built on the trusted foundation of SLCC's engineered wood innovation, Milky Way Prime offers superior dimensional stability, precision milling, and a smooth surface finish that radiates understated luxury. Its soft color palette — inspired by celestial light and atmospheric tones — brings warmth and serenity to modern interiors.

Created for those who seek the finest, Milky Way Prime combines elegance, endurance, and artistry in perfect alignment.

**Milky Way Prime — the essence of perfection in wood.**

## Refined by Nature. Perfected by Design.

The Milky Way Select Collection represents the pinnacle of modern engineered wood — the next evolution of SLCC's celebrated Milky Way line. Crafted from premium Select-grade hardwood, each plank showcases the purest expression of natural grain with minimal knots, balanced color variation, and an ultra-smooth finish that radiates quiet luxury.

Engineered for strength and stability, Milky Way Select combines timeless beauty with advanced construction — featuring a durable multi-ply core and a precision-milled surface for seamless installation and long-term performance. The result is a floor that feels as serene as it looks, elevating both residential and commercial spaces alike.

From its celestial inspiration to its earthbound craftsmanship, Milky Way Select embodies elegance in every detail — a harmony of refinement, strength, and natural grace.

# KARUNA

## Grace in Every Grain

The Karuna Collection was created to bring warmth, balance, and natural beauty into everyday spaces. Crafted from carefully selected European Oak, American Hickory, Maple, and Walnut, each plank showcases the distinct character and richness of its species—blending subtle texture with timeless elegance.

Gently wire-brushed surfaces and a soft matte finish highlight the organic details of every grain: the refined smoothness of maple, the striking contrast of hickory, the enduring charm of oak, and the deep, inviting tones of walnut.

“Karuna,” meaning compassion, reflects the heart behind this collection. Built on a stable engineered core for long-term performance, each floor is designed to bring grace and grounding to any interior—a balance of craftsmanship, durability, and quiet sophistication.

# ENGINEERED HARDWOOD

SLCC engineered hardwood combines premium wood veneers with a stable, multi-layer core to deliver durability, versatility, and high-end design at a competitive price point. Each collection is crafted with on-trend colors, modern textures, and premium finishes that enhance wear resistance and showcase the wood's natural beauty.

Our engineered construction offers superior stability for a wide range of climates, making it ideal for homes and commercial spaces across the country. From wide-plank luxury to hand-crafted character floors, SLCC delivers solutions that meet today's design demands while providing the reliability dealers, installers, and homeowners expect.

SLCC — dependable quality, elevated style, and flooring that supports every sale.

The logo features a stylized teal wave icon above the words "Pacific Coast" written in a flowing, cursive script. Below this, the words "SLCC FLOORING" are centered within a thin teal rectangular border.

# Pacific Coast

SLCC FLOORING

## Pacific Coast Collection

### Refined by Nature. Crafted for Coastal Living.

The Pacific Coast Collection by SLCC Flooring was born from California's iconic shoreline — where ocean mist meets sunlit cliffs and time leaves its mark in the driftwood washed ashore. Inspired by the natural rhythm of the tides, this collection embodies a perfect harmony between relaxed coastal charm and modern sophistication.

Each plank is meticulously crafted and finished with a matte European coating that enhances the grain's depth and natural beauty. The result is an engineered wood floor that feels organic yet elevated — durable enough for everyday life, and timeless enough to last generations.

With gentle variations in tone and texture, the Pacific Coast Collection captures the essence of coastal serenity. From sandy hues reminiscent of beach cottages to deep taupes echoing rocky shores, every color tells its own story of sun, salt, and sea. Elegant. Enduring. Effortlessly natural.

**The Pacific Coast Collection — where the spirit of the ocean meets the craftsmanship of SLCC.**

## **The West Winds Collection — Where Nature Finds Its Rhythm**

Across the open plains and coastal ridges of the American West, the wind shapes everything it touches — carving canyons, brushing through golden grasses, and whispering across sunlit horizons. It carries stories of movement, resilience, and renewal.

Inspired by this timeless force of nature, the West Winds Collection captures the harmony between strength and softness — a balance found in every gust that sweeps through the land. Each plank reflects the essence of wind-worn beauty: gently textured surfaces, subtle tonal variations, and flowing grain patterns reminiscent of shifting sands and weathered driftwood.

Crafted with precision and durability, West Winds stands as a tribute to nature's artistry and the enduring spirit of the West. Its colors range from sun-bleached taupes to cool coastal grays, evoking calm mornings and open skies. Engineered for modern performance, these floors bring natural tranquility into every home while standing strong against the demands of everyday life.

**West Winds — the calm after the storm, the motion within stillness, and the spirit of the West beneath your feet.**

FLOORING

# PRESERVE

• COLLECTION •

## The Preserve Collection — Where Nature's Legacy Lives On

There are moments in nature that deserve to be frozen in time—an untouched forest at sunrise, the quiet grain of weathered wood, the soft whisper of wind through the trees. SLCC Flooring's Preserve Collection was born from a desire to protect that beauty and bring it indoors.

Each plank captures the natural artistry of real wood, preserving its texture, color, and story through advanced craftsmanship and sustainable sourcing. The surface reveals time's gentle hand—subtle wire-brushing, muted tones, and authentic grain patterns that celebrate rather than conceal nature's imperfections.

Engineered for today's homes, The Preserve Collection unites timeless design with everyday durability, ensuring that what's beautiful endures. Because when something is worth keeping, we preserve it.

# WPC Flooring

**Comfort you can feel. Performance you can trust.**

SLCC's WPC Collection blends the beauty of natural wood with the soft, quiet comfort of a cushioned core. Waterproof, family-friendly, and designed for everyday living, this collection gives homeowners the warm, inviting feel of a premium floor—without the upkeep. Perfect for busy spaces, open layouts, and anyone who wants a floor that looks beautiful and feels even better.

# PROVINCIAL

## Timeless Character, Modern Comfort

The Provincial Collection by SLCC Flooring blends the rustic charm of handcrafted wood with the innovation of modern waterproof technology. Designed for today's busy homes, it captures the warmth and character of traditional European oak while offering the worry-free performance of WPC construction. Each plank features rich natural textures, deep-brushed detailing, and nuanced color tones that echo the authenticity of old-world craftsmanship.

Built with a durable waterproof core and a cushioned underlayer for added comfort and sound reduction, the Provincial is as practical as it is beautiful. Whether in a cozy cottage, modern farmhouse, or urban retreat, it brings heritage style and everyday resilience together in perfect harmony.

Where tradition meets technology — the Provincial WPC Collection stands strong throughout every season of life.

# PROVINCIAL SUPREME WPC

15MM

## Provincial Supreme Collection Elevated Strength. Enduring Beauty.

Built on the legacy of the original Provincial line, SLCC Flooring's Provincial Supreme Collection is crafted for those who demand more — more depth, more comfort, and more performance. With a hefty 15mm thickness, each plank delivers a substantial feel underfoot, unmatched stability, and exceptional sound insulation for a quieter, more luxurious home environment.

The Supreme Collection captures the essence of timeless European design, showcasing deep-brushed textures, rich color tones, and refined details that emulate the authenticity of handcrafted hardwood. Beneath its striking beauty lies modern innovation — a fully waterproof WPC core engineered to resist moisture, wear, and daily life with effortless strength.

Designed to last, Provincial Supreme embodies the perfect harmony of tradition and technology — a floor that looks and feels truly premium.

Provincial Supreme — thicker, stronger, and more beautifully refined.

# SPC Flooring

SLCC's SPC Collections are built for real life—beautiful, durable, and completely waterproof. With a dense Stone Polymer Composite core, these floors deliver exceptional stability, dent resistance, and long-lasting performance in every room, including kitchens, bathrooms, and basements.

Each collection features modern colors, realistic wood textures, and wide planks that elevate any space. An attached comfort pad reduces noise and makes every step feel softer, creating a quiet, comfortable home environment.

# Painted Sky

— Inspired by Nature's Horizon

From the soft blush of dawn to the tranquil tones of twilight, the Painted Sky Collection was created to capture the serenity of the open sky and translate it into timeless design. Each plank reflects the calm beauty of clean AB-grade wood visuals, selected for purity, balance, and harmony.

Through advanced high-definition printing and embossed textures, every detail celebrates nature's quiet artistry—grains that flow like clouds, tones that shift like sunlight across the horizon. Built upon a durable SPC core, Painted Sky offers both peaceful elegance and lasting performance.

Featured on HGTV, this collection embodies modern sophistication and effortless style, bringing natural warmth into today's most beautiful homes.

**Painted Sky by SLCC Flooring — where every space begins with the light of a new day.**

The background of the entire page is a misty, atmospheric photograph of a traditional Chinese landscape. In the foreground, a dark, silhouetted pavilion with multiple tiers and traditional Chinese rooflines sits atop a rocky outcrop. The pavilion's windows are slightly illuminated from within. Behind the pavilion, the landscape is shrouded in thick, white mist or fog, which obscures the details of the surrounding mountains and trees. In the far distance, the faint outlines of more mountain ranges are visible against a pale, hazy sky. The overall mood is serene and contemplative, emphasizing the concept of 'borrowed scenery' where the natural world is integrated into the built environment.

# Borrowed scenery

## Where Nature Becomes Part of the Home

Inspired by the Japanese design philosophy of shakkei—"borrowed scenery"—this collection invites the calm, grounding presence of the natural world into every interior. Each colorway is thoughtfully curated to echo organic landscapes: sun-washed woods, soft earthen hues, misty grays, and the subtle textures found in forests, fields, and open skies.

Crafted with refined detailing and gentle movement, the Borrowed Scenery Collection brings a sense of balance and quiet luxury to any space. Its surfaces are designed to feel warm, tactile, and effortlessly livable, allowing interiors to blend seamlessly with the beauty just beyond the window.

Durable, easy to maintain, and created for both modern living and mindful design, this collection transforms everyday environments into serene retreats. Whether in a contemporary home, boutique commercial space, or wellness-inspired setting, Borrowed Scenery enhances the atmosphere with peaceful, nature-centered elegance.

Borrowed Scenery

**Grounded in nature. Designed for harmony.**

AQUcore  
by SLCC FLOORING

## Strength Born from Water. Crafted for Life.

The SLCC AQUcore Collection was engineered for the modern world — where performance, design, and durability must flow together seamlessly. Built with a Stone Polymer Composite (SPC) core, AQUcore delivers superior dimensional stability and 100% waterproof protection, making it ideal for active homes, multifamily housing, and commercial spaces alike.

Each plank features authentic wood textures, precision-milled edges, and a click-lock floating installation system for fast, secure placement. With wear layers up to 20 mil, AQUcore stands up to everyday traffic, moisture, and temperature changes without losing its elegant appearance.

Certified by FloorScore® for indoor air quality, the collection offers peace of mind along with enduring style. From kitchen to bath to boardroom,

AQUcore performs beautifully — where life happens, water flows, and floors remain flawless.

**AQUcore — beauty that endures, even when life gets wet.**

# Laminate Flooring

**Beautiful. Durable. Effortless**

SLCC Laminate brings the natural look of hardwood together with the strength today's homes demand. Each design features realistic wood textures, modern color palettes, and a highly durable wear layer built to withstand busy families, pets, and everyday life.

With its stable HDF core and easy click-lock installation, SLCC Laminate offers long-lasting performance and seamless style in any space. From classic to contemporary interiors, it delivers dependable beauty—at an exceptional value.

**SLCC Laminate — Crafted for living, designed to last.**

**PACIFIC**  
VINEYARD  
BY SLCC FLOORING

## **Pacific Vineyard Collection** **— Strength Meets Elegance**

Inspired by California's coastal vineyards, the Pacific Vineyard Collection blends natural warmth with modern durability. Featuring a charcoal-infused waterproof core, it delivers lasting protection against moisture and wear while capturing the timeless beauty of woodgrain.

**Pacific Vineyard by SLCC Flooring — where nature's elegance meets everyday strength.**

## An Elevated Sense of Warmth

Altus—from the Latin word meaning “high” or “elevated”—captures the essence of sophistication and strength in one beautifully balanced collection. Designed to elevate interiors with the timeless character of oak-inspired patterns, the Altus Collection brings warmth, authenticity, and resilience to every space.

Each plank features richly detailed oak grain enhanced with soft, golden undertones that radiate natural comfort. The surface texture delivers a genuine wood feel, while advanced technology ensures lasting performance. With an AC5-rated wear layer, Altus offers exceptional durability—built to withstand heavy residential and even light commercial use without sacrificing elegance.

Easy to install with a precision Unilin® click-locking system and protected by water-resistant technology, Altus stands tall in both beauty and performance. Whether in a modern loft or a family home, it elevates your environment with warmth, confidence, and enduring style.

**Altus — Elevate your space. Live above the ordinary.**

# GLUE DOWN LVT FLOORING

## Reliable Performance. Timeless Design

SLCC Glue Down LVT combines the beauty of natural wood and stone with the strength needed for busy commercial and residential spaces. Its stable, low-movement construction creates a smooth, continuous floor ideal for high-traffic areas, multi-room layouts, and large installations.

Waterproof, scratch-resistant, and easy to maintain, this collection delivers long-lasting durability with effortless style. With a wide range of modern colors and realistic textures, Glue Down LVT offers dependable design flexibility for any project.

**SLCC Glue Down LVT — Built to last, made to perform.**

# PRIME SPECIMEN

The Prime Specimen Collection represents the finest expression of glue-down LVT—where performance, realism, and design come together in perfect balance.

Each plank is crafted to capture the natural beauty of wood with remarkable detail, from authentic grain variation to carefully curated color tones that elevate both residential and commercial spaces. Designed for environments that demand durability without sacrificing style, Prime Specimen delivers a refined look built to withstand everyday life.

Engineered for maximum stability and long-term performance, this glue-down construction offers superior adhesion, minimal movement, and a seamless finished appearance. It's an ideal solution for high-traffic areas, large installations, and spaces where reliability matters most.

Prime Specimen is more than a floor—it's a foundation. One that supports bold design, effortless maintenance, and lasting confidence underfoot.

Beautifully realistic. Exceptionally durable. Professionally trusted.

That's the standard of SLCC Prime Specimen.

## PROJECT PLUS

The SLCC Project Plus Collection is built for projects that demand reliable performance without sacrificing style. Designed for multi-family builds, remodels, and light-commercial spaces, Project Plus delivers durable construction, clean modern visuals, and consistent quality at a smart value.

Each color is curated for today's design trends—natural oaks, soft neutrals, and versatile tones that fit any interior. Easy to install, dependable to live on, and backed by SLCC's commitment to quality, Project Plus is the go-to choice for builders, contractors, and homeowners who want flooring that looks great and works even harder.

**Project Plus: Purpose built. Design-driven. Made to perform.**
